

Kenco Communities Announces Formation of General Real Estate Brokerage

Kenco Realty Group joins growing roster of Kenco Family of Companies

Boca Raton, FL (May 18, 2009) - Kenco Communities today announced the formation of a full-service real estate brokerage firm to assist buyers and sellers with all types of property acquisition and sales throughout South Florida.

With the distinctive combination of in-depth market knowledge and the reputation of one of the industry's most respected names, Kenco Realty Group has the ability to provide unparalleled and comprehensive service to a wide range of clientele from Miami to North Palm Beach County. The firm has a unique advantage over other real estate brokerages in the area as it is backed by the power of Kenco Communities and its unique family of services. From Kenco Custom Construction, a full-service builder and general contracting firm, to Kenco Home Care, which provides high-quality maintenance and repair services, as well as home installations, landscape enhancements, and complete remodeling or additions, buyers and sellers have a wide-range of value-added services available to them all under one roof.

Led by industry veterans Kenneth Endelson and Richard Finkelstein, Kenco Communities has compiled an impressive 30-year record of achievement and fiscal performance in both the community development and luxury home building

arenas. Kenco's unrivaled reputation for integrity, thoughtful planning and diligent research has earned the company the highest acclaim and respect within the real estate industry, and has resulted in over two billion dollars in successful residential developments in the past decade alone.

According to Endelson, “The formation of Kenco Realty Group is a natural extension of our long-term commitment to the South Florida real estate market. Kenco has been building and developing commercial and residential properties in the Palm Beach County market for more than three decades. Having a real estate brokerage that is able to assist customers with the purchase and sale of properties both in communities we have built and in the surrounding market area provides us with important diversification as we continue to grow within the industry.”
